DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1, 2, 8 and 9 are rejected under 35 U.S.C. 102(b) as being anticipated by JP 10-99236 (hereinafter Katsuji).

Katsuji discloses a collapsible toilet made of sheet material as claimed (see Fig. 11).

Seat surface fold-line of equal distance as claimed.

【图 11】

Other structures are familiar by the applicant and need not to describe in detail since this reference was applied and cited in its PCT application.

Allowable Subject Matter

3. Claims 3-7 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Other references cited on form PTO-892 also disclose other foldable toilet.
